

ATTENTION PARENTS!

STOP
MENINGITIS

**Adolescents and young adults
are at risk of getting a very
serious type of meningitis.**

Is someone in your family 11-18 years of age?

IF SO, ASK ABOUT IMMUNIZATION!

National
Foundation for
Infectious
Diseases

www.nfid.org

A public education initiative brought to you by the National Foundation for Infectious Diseases in collaboration with leading healthcare organizations. The goals of this program are supported by the Centers for Disease Control and Prevention. For more information and a list of supporting organizations and additional resource materials, please visit, <http://stopmeningitis.nfidinitiatives.org>.

This program is made possible by an unrestricted educational grant to the National Foundation for Infectious Diseases from sanofi pasteur.
